### Appreciating Our Moms For Mother's Day

## Water Activities

By: CJ Arteaga and Victor Silverman

These past few weeks, we have participated in numerous water activities such as, relay races, "What Time is it Blue Whale," and jump roping with a cup of water on our heads. For "What Time is it Blue Whale," one person is "it," and they have to stand far from the other players facing away from them. The players ask what time it is, and the "it" person tells the other players a time. The players have to take a certain number of steps toward the "it" person. When the "it" person says, "midnight," they splash water at you!

When we jumped rope with a cup of water on our heads, we had to try to stay as dry as possible. The person with the most water left in his or her cup won! We had a ton of fun in the sun, as we kept cool with these water games!

### Business Cards

By: Malia Guillory

The Jr. Staff made their very own business cards! We included our names, our position, and anything we want to be known for. We clipped these business cards onto lanyards so that other club members will know our names. We also made them so other club members will listen better to the Jr. Staff.

### Making Play Dough

By: Isabella Martens

In our free time, awesome people like to make PLAYDOUGH!!!!!! So here is what we do: first, you put  $\frac{1}{4}$  cups of hot water, then you put in dye, mix 4 cups of flower, 1  $\frac{1}{2}$  cups of salt, then you mix all the ingredients together, finally you kneed on a cutting board. Vuala! That's how you make playdough!

### Outside Activities

By: Naia Riggensch

At the Boys and Girls Club... Kids can play outside! There are lots of activities like the playground, two-touch or handball. Two-touch is when two people or more have two touches to get the ball to hit the wall using only feet. Handball is when you use your hand to hit the ball onto the wall. We love gathering a group of competitors together to find the ultimate champion!
