

GREAT SWIMMERS START HERE.

Pardee Aquatics  
Pool Campaign

BOYS & GIRLS CLUBS  
OF SAN DIEGUITO  
PARDEE AQUATICS  
CENTER

Dear Pool Patrons,

The Boys and Girls Clubs of San Dieguito, Pardee Aquatics Center is committed to providing a great aquatic environment for our community. Since building our competition pool with the Share the Dream Project in 2007, our pools have operated at or near capacity. We are open Monday through Sunday for more than 100 hours, averaging 700 swimmers each day! This intensive use has heavily impacted the general appearance of our club, maintenance equipment, locker rooms, and pools.

Last week, we proudly kicked off our "Racing Towards a Million" campaign, and we are seeing great support from our amazing aquatics families. And although we know that our \$1 million goal will take time and we have a long way to go, we are already starting in on our pool campaign's capital improvements.

We will be closing for some extensive repairs and remodeling in order to provide you with the best experience possible from August 17-September 16, 2018. This closure will allow us to complete multiple projects simultaneously so that we can be closed for the shortest time possible.

Some of the repairs that will be taking place during our closure include the following as well as other items on our wish list:

**Resurfacing the shells of both pools**  
**Replacing the fence and gates**  
**Remodeling our locker rooms**

We have worked with our neighbor, Lomas Santa Fe Country Club, in order to provide our patrons with a place to swim while we are closed. LSFCC has provided the following lap swim times for any of our members to use during our closure beginning August 20<sup>th</sup>.

Monday-Friday

5:00am-9:45am- all lanes lap swim  
9:45am-8:00pm- designated lap lanes only

Saturday-Sunday

7:00am-11:00am- all lap swim lanes  
11:00am-close- designated lap lanes only

When using the Lomas Santa Fe Country Club pool please sign in as BGC when you arrive at the Club.

We are working on securing alternate space for Masters practices, but our masters swimmers are welcome to use the lap swim times above. RSD swimmers and families will be sent a separate email with details of practice times and places after our break.

Thank you for being a part of the BGC Aquatics program!

Sincerely,

Joe Benjamin  
Aquatics Director
