## Mission Statement

The Boys & Girls Clubs of San Dieguito is an organization dedicated to providing POSITIVE activities to develop the education, health, self-esteem and character of youth.

## Goals for 2014-2016

Implementation of a fundraising strategy that adequately funds current operations and future needs of the organization, as well builds cash reserves.  
Expand the breadth and depth of outreach programs and/or new branches targeted to underserved communities in an effort to serve greater numbers of youth and identify potential partners and funding for these efforts.  
Enhance the public profile of the organization in the community through improving efforts in communicating mission, vision, strategic initiatives, club offerings and fund-raising needs to the public.  
Execute operating plans for all branches and programs and increase youth served, average daily attendance and the number of scholarships offered to children.  
Continue to demonstrate and refine a culture of operational, financial and service excellence within the organization through continuous improvement of programs and services.

## Giving Opportunities

Each year we depend on the generosity of many individuals, corporations, foundations, civic organizations and government funding. We provide scholarships for those who need assistance with our program fees. The actual cost of providing services is approximately \$1,000 per child.

Since 72% of our budget goes directly to youth programming, you can be assured that your investment is guaranteed high returns in the life of a deserving young person. Please see below the many ways you can invest in our youth's future:

- Donate online, by phone or mail
- Sponsor a child at one of our branches or special programs
- Donate a "Wish List" item for a branch or special program

Think After School Programs aren't important?  
**Think again.**

**It's 3pm. Where are your kids?** Today, our kids are in crisis because of the lack of supervision and enriching after school programs. **The Boys & Girls Clubs of San Diego is changing that.** We're dedicated to bringing after school programs to every child who needs us most. On average, we provide 722 local youth every day a safe place to go when the school bell rings. **When school's out, Clubs are in.**

**Invest in our youth. Invest in our future. Donate now.**
