

Hello BGC Lap and Masters swimmers,

With COVID numbers growing significantly, San Diego is in the deep purple tier which means that we are tightening our protocols per the guidelines. For now, we remain open as we are not listed in stay-at-home closures.

As a reminder, please help us keep our facility safe by following the below protocols:

- Mask wearing is mandatory in the facility and in the parking lot - NO EXCEPTIONS
- A temperature check is required prior to entering the facility
- Use hand sanitizer prior to entering the pool
- Practice social distancing on the pool deck and in the parking lot
- Be prepared to arrive and leave the pool in your suit as locker room and showers are closed
- Restroom use is allowed by 1 person at a time only
- In addition, please note the following updates:
- Due to the current situation and guidelines, NO SNORKELS ARE ALLOWED during any aquatics programming, even with a doctor's note and medical excuse.
- Beginning 12/21, all lanes during recreation pool lap swim sessions will be limited to 1 person per lane, with lanes 1, 3, and 5 starting east side of the pool, and lanes 2, 4, and 6 starting on west end of pool.

We are committed to keeping all our patrons as safe as possible by observing and enforcing these and other safety protocols at our facility. We appreciate your support in helping us keep everyone safe so that we can remain open.

Sincerely,

BGC Aquatics Staff
